From the Desk of the Superintendent, Jane A. Collins

The Board of Education's number one goal is "To continue to provide opportunities for our students to excel in academics, career trades, extracurricular activities, and skills development, by offering a variety of programs and providing the resources necessary to support thereof." The District takes great pride in all of the programs offered at Belleville Henderson. The Agriculture Program, which is the oldest, continuously operating program in the United States, provides a high quality agriculture education to our students. Our technology program offers a wide range of courses like eighth grade technology, drawing, design, and production, basic woodworking/carpentry, computer-aided design and drafting I and II, construction technology, and driver's education. Our science and math programs have strong college prep offerings in biology, chemistry, physics, anatomy and physiology and mathematics including calculus. Mrs. Cobb's Spanish program is exceptional offering the Seal of Bi-Literacy as a culminating accomplishment. Many students qualify to participate in Edge courses offered by Jefferson Community College taught by our teachers in Math, ELA, and Social Studies, and by SUNY Morrisville for courses in Agriculture.

Students have the opportunity to attend the BOCES Bohlen Technical Center to earn a technical endorsement designation in culinary, cosmetology, criminal justice, auto body repair, welding, electrical, heavy equipment, plumbing/HVAC, carpentry, electronics and computer technology, veterinary practices, visual communications and health careers. Our Pre-K through grade 6 program continues to focus in the core courses of ELA, math, science, social studies, physical education, library studies, and music and the arts. We support students K-12 with academic intervention services (AIS), ELL and special education.

The 2024-2025 total budget is \$12,773,685, an increase of 3.25%. The proposed tax levy is \$5,454,900, which is an increase of 3.49%. The proposed levy increase is above the 2% tax cap, and requires 60% of the voters to approve the budget to pass. The budget includes \$12,000 for student classroom supplies to ease the burden on families, again this year. The transportation cost of one new large school bus and one new small bus is \$285,308. Bus purchases generates transportation aid the following year. We are purchasing salt for sanding the parking lots from the Town of Henderson and the savings will generate a savings to purchase a salt hopper to install on the back of a district pickup. Instructionally, we are maintaining two elementary sections per grade level. Our school psychologist will be part-time and we are adding a CSE Chairperson to support our growing special education student population as well as oversee our academic intervention services. We are maintaining our elementary Flooding Program and committing significant support staff to this program. The 2023-2024 school year is the last year of COVID funding, consequently, we are downsizing two instructional positions.

Our administrators, teachers and support staff provide excellent educational programs and an inviting and safe educational environment. We value our partnerships with our parents as we work together to bring the best opportunities forward for all students. We are so proud of our students' accomplishments during this school year.

The Board of Education and I would like to thank the community for its ongoing support, which plays an integral role in the success of our students not only in the classroom, but also in the community. Together, we are, Panther Strong!

Sincerely,
Jane A. Collins

Goals of the Belleville Henderson Central School District

GOALS OF THE DISTRICT

1. To provide opportunities for our students to excel in academics, career trades, extra-curricular activities, and skills development, by offering a variety of programs and providing the resources necessary in support thereof.
2. To remain fiscally solvent and stable, by means of long-term budget planning, reducing expenses, negotiations, and exploring additional revenue streams to ensure the longevity of our district.
3. To recruit and retain excellent faculty and staff by fostering a positive atmosphere with high morale, endorsing professional development, supporting our administrators, and recognizing our employees hard work, dedication, and success.

GOALS OF THE BOARD OF EDUCATION

1. To enhance community relations and communication by increasing transparency and ensuring the timely and clear dissemination of information through the District's website, social media platforms and other user-friendly avenues.
2. To build and encourage succession planning and professional development in the areas of budgeting, facility planning, and leadership growth.
3. To maintain a safe and orderly educational environment where the Board of Education, administration, teachers, staff and community deliberately display and guide our students to learn and exhibit kindness, respect and professional behavior.

Bus Purchases

Every year the district evaluates the current bus fleet and makes recommendations for purchases in the following school year. Through this process the district looks to anticipate bus purchasing needs for the next fiscal year and into the future. Continually monitoring and eventually replacing our fleet is essential to the safety of our students and reducing maintenance costs. State Transportation Aid covers approximately 50% of this expense.
